

Environmental Policy Statement

The following Environmental policy statement has been prepared by EEC Ltd.

EEC Ltd is a chemical waste management company. Managing the assessment, preparation, collection, disposal and recovery of hazardous and non-hazardous chemical wastes.

EEC Ltd recognises that our operations impact on the environment at global, national and local level.

Our key areas in terms of environmental impact are fuel consumption and pollution risk. We endeavour to minimise both where feasible.

The following will form part of our environmental management system:

- We ensure we are legally compliant with environmental and other relevant legislation
- We are committed to pollution prevention
- We will continually improve our environmental performance
- We minimise the use of resources such as energy
- We create opportunities for our customers to recycle their waste

We encourage feedback on our environmental performance from interested parties.

We communicate this Policy to employees and persons working on our behalf and make it publicly available.

This Policy will be reviewed no less often than annually and updated as necessary.

Signed:

Mr T Ellaway
Director
Ellaway Environmental Ltd
